Yalobusha Broadcasters ("Yalobusha"), by its attorneys, hereby submits this further *Erratum* to the April 23, 2001 *Comments and Counterproposal of Yalobusha Broadcasters* in the above-captioned proceeding.

The purpose of the instant *Erratum* is to delete the first full sentence at the top of page 7, and footnote 13, which counsel for Yalobusha is advised was overruled by *Fredericksburg, Helotes and Castroville, Texas*, 11 FCC Rcd 22317 (1996). an overall population increase in the gain area, Petitioners' proposal would remove a service from the larger community of Columbus, which had a 1990 U.S. Census population of 23,799 persons, to the much smaller town of Okalona (1990 U.S. Census population: 3,267). Under the circumstances, the public interest would be better served by retaining Channel 280C2 at Columbus.

Consistent with the foregoing, it is respectfully submitted that adoption of the proposed allotment at Vardaman would be the more preferential arrangement of allotments.

If the subject proposal is adopted, Yalobusha intends to apply for a construction permit to establish the Vardaman station.

The proposed allotment at Vardman would not be within the Canadian or Mexican border areas. Accordingly, no international coordination will be required.

WHEREFORE, Yalobusha respectfully requests the Commission to propose to amend Section 73.202(b) of the Commission's Rules to adopt the proposed allotments set forth herein, as follows:
